

Program Committee

Schlaak, Helmut F. (Chairman) | Technische Universität Darmstadt, Germany

Amrhein, Wolfgang | Johannes Kepler University Linz, Austria
Chikhaoui, Mohamed Taha | Université Grenoble-Alpes, France

Choi, Seung-Bok | The State University of New York, SUNY Korea, Incheon, South Korea

Claeyssen, Frank | CEDRAT Technologies S.A., Meylan, France

Goldasz, Janusz | BWI Technical Center Kraków, Poland

Henke, Markus | Technische Universität Dresden, Germany

Kanda, Takefumi | Okayama University, Japan

Karkosch, Hans-Jürgen | Contitech Vibration Control GmbH, Hannover, Germany

Keller, Roland | Faulhaber GmbH & Co. KG, Schönaich, Germany

Keplinger, Christoph | Max Planck Institute for Intelligent Systems, Stuttgart, Germany

Kohl, Manfred | Karlsruher Institut für Technologie, Germany

Krippner, Peter | Bürkert Werke GmbH & Co. KG, Karlsruhe, Germany

Lötters, Joost | Bronkhorst High-Tech B.V., Ruurlo, Netherlands

Maas, Jürgen | Technische Universität Berlin, Germany

Manfredi, Luigi | University of Dundee, Great Britain

Monner, Hans Peter | German Aerospace Center (DLR), Braunschweig, Germany

Morishima, Keisuke | Tokyo University of Agriculture Technology, Japan

Morita, Takeshi | The University of Tokyo, Japan

Müller, Bert | University of Basel, Switzerland

Müllner, Peter | Boise State University, USA

Pagounis, Emmanouel | ETO MAGNETIC GmbH, Stockach, Germany

Perret, Jérôme | Haption GmbH, Aachen, Germany

Pertsch, Patrick | PI Ceramic GmbH, Lederhose, Germany

Pott, Peter | University of Stuttgart, Germany

Preumont, André | Université libre de Bruxelles, Belgium

Price, Aaron | The University of Western Ontario, Canada

Renaud, Pierre | Institut National des Sciences Appliquées Strasbourg INSA, Strasbourg, France

Seelecke, Stefan | Universität des Saarlandes, Saarbrücken, Germany

Spomer, Waldemar | Physik Instrumente, Karlsruhe, Germany

Takasaki, Masaya | Saitama University, Japan

Uchino, Kenji | The Pennsylvania State University, USA

Ugurlu, Barkan | Ozyegin University, Çekmeköy - Istanbul, Turkey

Vander Poorten, Emmanuel | KU Leuven, Heverlee, Belgium

Vergani, Giorgio | SAES Getters S.p.A., Lainate, Italy

Wallrabe, Ulrike | University of Freiburg, Germany

Important Dates

15 January 2022 submission of abstracts
06 March 2022 notification of acceptance
30 April 2022 submission of papers

Organizer

VDE/VDI Society Microelectronics, Microsystems and Precision Engineering
Stresemannallee 15, 60596 Frankfurt/Main, Germany
www.vde.com/gmm
gmm@vde.com

Conference Fee

Registration until 30 April 2022	900 €
Registration from 1 May 2022	1050 €
Speakers	550 €
Students	450 €
One day pass	450 €

No additional VAT will be charged.

Conference Venue

Congress Center
Rosengarten
Rosengartenplatz 2
68161 Mannheim, Germany
Phone: +49 621 4106-0

Call for Papers and Invitation for Exhibitors

ACTUATOR 22

International Conference and Exhibition on New Actuator Systems and Applications

**Congress Center Rosengarten
Mannheim, Germany
June 28–30, 2022**

www.actuator.de

Organized by:
Society of Microelectronics, Microsystems and Precision Engineering (VDE/VDI GMM)

Announcement

ACTUATOR 2022, the **18th International Conference** and the **12th International Exhibition on New Actuator Systems and Applications**, will take place in Mannheim, Germany, on June 28–30, 2022.

ACTUATOR is a major biennial event bringing together leading experts, suppliers and users in the field of new actuators and low-power electromagnetic drives from all over the world. The invitation to attend ACTUATOR is aimed at executives and researchers from industrial companies as well as institutes, colleges and universities who are interested in the transfer of R&D results into innovative actuator applications and drive technologies.

The Conference

With about 400 participants from more than 20 countries, the **18th International Conference on New Actuator Systems and Applications** has been the most important place to meet leading international specialists, to share their expertise and to start business co-operations in the field of new actuator technologies.

ACTUATOR has been the key forum for actuators based on smart materials and micro technologies as well as their applications in all areas of engineering for thirty years now. Over the years, a huge variety of excellent ideas and results have been reported. A lot of them have been raised from vision to mass product. Among the success stories you will find quite a number of established applications of new actuators, in particular their well-known use in fuel injection, adaptive shock absorbers, nanopositioning, precision engineering like camera lenses and other applications of miniaturized drives.

In this way, ACTUATOR has launched the realization of new product generations with outstanding compactness and high performance properties which so far have not been achieved in conventional technologies. A small wonder that based on this ignition, resulting in gaining access to new markets.

Event Language

The official conference language is English; there will be no simultaneous translation.

Conference Focus

Technological Topics

- Electromagnetic actuators
- Piezoelectric actuators / piezoelectric motors
- Thermal / magnetic shape memory actuators
- Magnetostrictive actuators
- Magnetoelectric actuators
- Micro / nano actuators
- Actuators based on ER / MR fluids
- Polymer actuators
- Electroactive polymer devices
- Cooperative / multistable actuators
- Emerging principles / tensegrity / robogami
- Actuator control and electronics
- Pneumatics / hydraulics
- Photonic actuators
- Bio actuators

Application-oriented Topics

- Active vibration / active noise control
- Aerospace / aviation
- Automation
- Robotics / micro robotics / soft robotics
- Automotive
- Haptic / tactile devices
- Medical devices / medical engineering
- Microfluidic handling
- Micro / nano manipulation and positioning
- Microscopy / scanning probe microscopy
- Information technology
- Manufacturing / micro assembly
- Process engineering
- Biotechnology
- Optics / laser
- Precision engineering

Call for Papers

Experts from industry and research institutes wishing to present results of their recent research are cordially invited to submit a paper. Accepted papers will be presented in either oral or poster sessions. Authors are requested to specify the preferred kind of presentation, oral (20 min. incl. discussion) or poster.

Please submit a PDF formatted abstract in English with a length of two pages (400 – 600 words) including figures, tables & references showing summary, motivation, approach and results. The paper should be headed by title, authors' names and affiliations.

Please register your paper using the EDAS online registration at www.actuator.de. If you have already a personal account, please login with your username and password. Otherwise first create a new account, and then register your paper.

Paper Review

The Technical Program Committee will review the abstracts and decide upon the acceptance. After acceptance, the authors are asked to submit the full paper with a length of 2 pages, up to 4 pages for publication.

The proceedings will be published by VDE Verlag GmbH; all presented papers will in addition be available on IEEE Xplore®. By submitting your full paper, we assume that you have accepted the copyright-statement: www.vde.com/typing-instructions

The Exhibition

The **12th International Exhibition on New Actuator Systems and Applications** will present components, system approaches and applications of smart actuators and low-power electromagnetic drives based on conventional (electromagnetic) and innovative working principles (new actuators), and associated subjects.

The range of topics also includes measurement techniques, control concepts and circuits, driver components and units, system integration, layout and simulation tools etc.

Within the exhibition area, we will have application-oriented presentations on a product level, besides the in-depth conference programme. This Exhibition Forum provides additional information about the exhibition topics on the product level especially to visitors of the exhibition. Exhibition conditions and more detailed information on the Exhibition Forum may be obtained from the organizer or can be downloaded from the event homepage www.actuator.de.
